

2017 DEBUT COLLECTION

neoh

PRINTED CROP TOPS

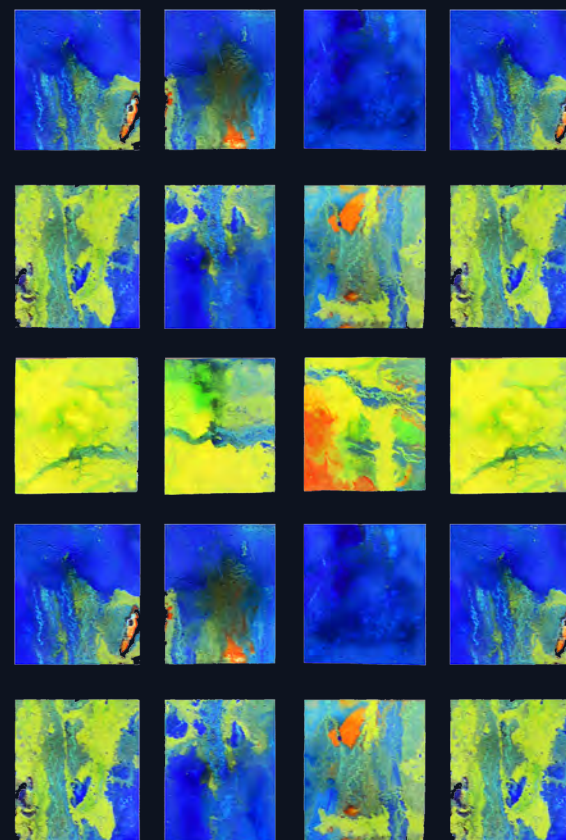

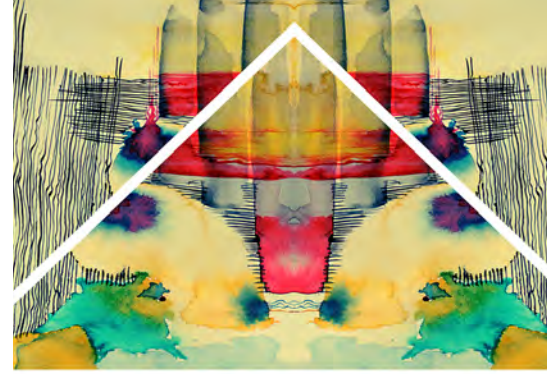

'neah' is a new young brand specialising in the design of printed crop tops with our own unique prints. Our prints are constructed from original artworks and give you the chance to wear beautiful clothes created by talented designers who understand your lifestyle and the way you like to dress.

Our debut collection takes a fresh look at crop tops. They are made from printed fabrics based on original watercolour artworks and colourful graphic marks. The silhouettes are simple and designed with you in mind.
